

17 August 2005

Herewith confirmation that the Community of SE 3 has given a mandate to the SE 3 Residence Association on a *General Meeting* conducted on 26 July 2005 to implement Scenario 1. Scenario 1 Consists of deploying a dedicated vehicle armed with 2 x *Security Guards*, patrolling the streets of SE 3 on a 24 hour basis and will be managed by the *Security Company, EMS*.

The cost to render this service is R60.00 / month and in order to make it a viable sustainable project it is required that at least 500 residence buy into this scheme. You are therefore kindly requested to seriously consider making SE 3 a safer place for all it's residence and make your commitment by duly complete the attached debit order, which was compiled in conjunction with ABSA Bank. Please note that the SE 3 Residence Association has established a non-profitable Section 21 Company and will properly manage these funds with our common goal to enhance the safety of SE 3.

This is a *Community Project* supported by the police and we therefore rely on all the residents support. All the participants will be provided with the cell number of the security vehicle which can be phoned during any time of day and night to report all crime / incidents. We hope to achieve a reaction time of less than 5 minutes.

A *Street Representative* will collect your form before 20 September 2005. If we achieve our target of 500 participants, we want to implement the project from 1 October 2005. Please also take note that the only way the *Committee* can properly manage this funds is by means of the attached debit order. We cannot manage electronic transfers via the internet banking facility.

Eyes & Ears Greetings to All

SE 3 RESIDENCE ASSOCIATION
